Head: Environmental Management and Water Strategy
SABMiller Africa

Introduction

SABMiller Purpose Statement:

“We bring refreshment and sociability, improve livelihoods and help build communities”

UN SDGs Aim:

“To end poverty, protect the planet and ensure prosperity for all”

prosper

a thriving world

a sociable world

a resilient world

a clean world

a productive world

Putting it together – SABMiller “Prosper” and SDGs

SABMiller is committed to helping make the Global Goals a reality: each of our Prosper shared imperatives will enable us to contribute to key Global Goals.

THE GLOBAL GOALS
For Sustainable Development

Resilient World and Water Related SGDs

A Resilient World – SABMiller Africa Strategy

Securing shared water resource for the future

A Resilient World

Shared Imperative

We will secure shared water resources for our business and local communities

Our 2020 commitments and targets

We will secure water supplies to all facilities with partnerships to tackle the water risks we share with local communities and to reduce water use to 3.0 litres of water per litre of beer and 1.8 litres per litre of soft drink

Key Programmes

Complete water risk Assessment for all clear beer site in F16 and prioritize mitigation plans for high risk markets. Water Efficiency

Investigate opportunities for water efficiency improvement in agricultural water supply chain where appropriate

Our Approach

Support water projects in community where we operate. Awareness Creation

STRATEGIC WATER PARTNERS NETWORK SOUTH AFRICA Closing the water gap by 2030

Success stories for communication and knowledge sharing

Leverage local and regional partnerships with other water users and stakeholder to manage shared water risks beyond our site as well as improve water governance

Thank You
